Dear Sir

Town and Country Planning (Scotland) Act 1997
Town and Country Planning (Development Management Procedure) (Scotland)
Regulations 2013
ERECTION OF 24 WIND TURBINES (MAXIMUM HEIGHT 125M TO BLADE TIP)
AND METEOROLOGICAL MAST, FORMATION OF NEW ACCESS TO A76 AND
IMPROVED ACCESS TO C125N, ACCESS TRACKS, WATER CROSSINGS AND
HARDSTANDING, INSTALLATION OF TEMPORARY CONSTRUCTION
COMPOUNDS, SITE SUBSTATION AND ASSOCIATED WORKS
AT SANDY KNOWE WIND FARM, KIRKCONNEL

I refer to your letter dated 23 February 2017 regarding the above development.

I am pleased to accept the proposed alterations described within that letter as non-material variations to planning permission ref no 15/P/3/0279, noting that the change from the base to tip height of each proposed turbine would be 0.5m (the rotor would increase in diameter from 100m to 101m).

Turning to condition 2 of the above planning permission, this letter constitutes agreement in writing with the Council as planning authority to a minor deviation from the terms of the submitted Environmental Statement.

Should you have any queries, please contact Robert Duncan at the office above.

Yours sincerely

Robert Duncan

Robert Duncan
Planning Manager (Major Projects)
